India Current Affairs [Nation & States] MCQs

1. The Indian Pharmacopoeia Commission (IPC) is an autonomous institution under which ministry?

[A] Ministry of Science and Technology
[B] Ministry of Health and Family Welfare
[C] Ministry of Chemicals and Fertilizers
[D] Ministry of AYUSH

Answer: Ministry of Health and Family Welfare

The Indian Pharmacopoeia Commission (IPC) signed three Memorandum of Understanding (MoUs) with Nagaland Medical Council, Nagaland State Drugs Control Administration (NSDCA), and Nagaland State Pharmacy Council. Indian Pharmacopoeia Commission (IPC) is an autonomous institution under the Ministry of Health and Family Welfare, Government of India. It sets and updates standards of drugs commonly used for treatment of diseases. It promotes rational use of generic medicines via the National Formulary of India (NFI). It prescribes standards for identity, purity, and strength of drugs for humans and animals. It provides IP Reference Substances (IPRS) for accurate drug testing and purity verification.

2. Which institute launched a stock enhancement programme for short-neck clam (Paphia malabarica) in Ashtamudi Lake?

[A] National Institute of Ocean Technology
[B] Zoological Survey of India
[C] Central Inland Fisheries Research Institute
[D] Central Marine Fisheries Research Institute

Answer: Central Marine Fisheries Research Institute

ICAR–Central Marine Fisheries Research Institute launched a stock enhancement programme for short-neck clam (Paphia malabarica) in Ashtamudi Lake showing early signs of recovery. Short-neck clam is a valuable bivalve mollusk and India's first Marine Stewardship Council (MSC) certified species. It is the major fishery resource of brackish water Ashtamudi Lake.

3. Ramban Sulai Honey, that was recently seen in news, is mainly produced in which region of India?

[A] Himachal Pradesh
[B] Jammu and Kashmir
[C] Mizoram
[D] Tripura

Answer: Jammu and Kashmir

The Prime Minister (PM) spoke about Ramban Sulai Honey in the 128th episode of Mann Ki Baat radio programme. This honey is made in Ramban district of Jammu and Kashmir from nectar of wild Sulai (basil) flowers. It is known for its rich taste, floral smell, high nutrition, and medicinal value. Bees collect nectar from Sulai flowers during August to October. The honey is crystal-clear, white to amber in colour, and rich in minerals, enzymes, and vitamins. It received the Geographical Indication (GI) tag in 2021. It is selected under the One District, One Product (ODOP) scheme of Government of India.

4. The Khiamniungan tribe is primarily found in which state?

[A] Nagaland
[B] Mizoram
[C] Tripura
[D] Assam

Answer: Nagaland

The Prime Minister (PM) of India recently mentioned the Khiamniungan tribe in his Mann Ki Baat radio programme. They are a major Naga tribe living in eastern Nagaland (India) and north-western Myanmar. The word Khiamniungan means "source of great river or water." Their society traditionally follows a clan-based social system. They speak the Khiamniugan language, which belongs to the Sino-Tibetan language family. They celebrate Tsokum Sumai for good harvest and Khaotzao Sey Hok-ah Sumai at the end of farming season.

5. Where was India's longest cantilever glass skywalk inaugurated?

[A] Kolkata
[B] Bengaluru
[C] Visakhapatnam
[D] Chennai

Answer: Visakhapatnam

Visakhapatnam Metropolitan Region

Development Authority (VMRDA) opened India's longest cantilever glass skywalk at Kailasagiri hilltop park, Visakhapatnam. The skywalk is at a height of 862 feet (about 262 metres) and offers views of the city and Bay of Bengal. It can withstand wind speeds up to 250 kilometres per hour (km/h). It is built with high-strength toughened glass for maximum safety. Though it can hold over 100 people, only 40 visitors are allowed at a time.

6. Which state hosted the first Northeast India Organic Week?

[A] Assam
[B] Sikkim
[C] Nagaland
[D] Meghalaya

Answer: Meghalaya

Meghalaya launched the first Northeast India Organic Week with Agricultural and Processed Food Products Export Development Authority (APEDA) and International Federation of Organic Agricultural Movements - Organics Asia (IFOAM-Organics Asia). The four-day event includes an APEDA buyer–seller meet and the 4th IFOAM World Organic Youth Summit. Delegates from 13 countries like Malaysia, Taiwan, Mongolia, New Zealand, and Indonesia are attending. The aim is to make the Northeast a global organic hub and build long-term trade links. The event boosts farmer income, exports, and global visibility of Meghalaya's organic produce.

7. What is the name of the digital project launched to digitalise all State and Union Territory Legislatures in India?

[A] Digital Assembly Mission
[B] e-Parliament Project
[C] Smart Vidhan Scheme
[D] National e-Vidhan Application

Answer: National e-Vidhan Application

As of now, 28 State and Union Territory (UT) Legislatures have signed Memorandum of Understanding (MoU) for National e-Vidhan Application (NeVA) implementation. 20 Legislatures are now fully digital using the NeVA platform. NeVA is a Mission Mode Project under the Digital India Programme to digitalise all 37 State/UT Legislatures. It includes backend computerisation, capacity building, and NeVA SeVA Kendras (NSKs) for member support. It follows "One Nation – One Application" with a single common platform. Fund support is provided for digitalisation of old records.

8. Sanchar Saathi is developed by which organisation?

[A] Ministry of Home Affairs
[B] NITI Aayog
[C] Department of Telecommunications (DoT)
[D] Reserve Bank of India

Answer: Department of Telecommunications (DoT)

The Department of Telecommunications (DoT) has made Sanchar Saathi app mandatory on all new or imported mobile phones in India to improve digital safety. It is developed by the Department of Telecommunications (DoT) as a security and awareness platform for mobile users in India. Sanchar Saathi is a security and awareness platform available as a mobile app and web portal for public use. It helps users manage digital identity, report fraud, and protect mobile devices from cyber risks.

9. Which airport has become first in India to achieve "Water-Positive" Status?

[A] Mumbai International Airport
[B] Rajiv Gandhi International Airport
[C] Kempegowda International Airport
[D] Indira Gandhi International Airport

Answer: Indira Gandhi International Airport

Indira Gandhi International Airport (IGIA) has become India's first water-positive airport handling over 40 million passengers per year. Water-positive means the airport recharges more water than it consumes, helping conserve natural resources. The achievement was announced by Delhi International Airport Limited (DIAL). This step also supports IGIA's long-term goal of becoming a net-zero airport and improving climate readiness.

10. Which ministry has launched the Incredible India 2.0 initiative?

[A] Ministry of Tourism
[B] Ministry of Culture
